

What is planned giving?

Planned giving is a wonderful way to make a charitable gift that benefits you, your beneficiaries and a charitable cause close to your heart.

Planned giving benefits both the charity and the donor. By planning ahead you can minimize taxes and maximize estate benefits. The large variety of planned gift types available allows you to leave a lasting legacy that suits your financial situation.

Please speak to a professional financial or estate planner to get details on how to ensure your beneficiaries receive the maximum assets from your estate.

Impacting Healthcare through Legacy Giving

*Together, we are
transforming healthcare
in our community.*

Ensure the future of healthcare in your community!

Your planned gift is a lasting reminder of how deeply you care about your community healthcare system.

Given the opportunity, most people would like to feel that they have made a difference in the lives of others and their community. Leaving a planned gift to the BCHS Foundation helps to ensure that future generations will continue to receive the highest quality healthcare at the BCHS.

When crisis or illness impacts you or a loved one, the BCHS is here to offer you exceptional healthcare in your time of need.

What can I do to ensure future generations receive exemplary healthcare?

- Leave a specific gift amount or percentage of assets to the BCHS Foundation in your estate plans.
- Purchase a new or change an existing policy naming the BCHS Foundation as the beneficiary.
- Encourage others to leave a planned gift to the BCHS Foundation.

Planned gifts received by the BCHS Foundation help us purchase medical equipment that is not paid for by the Ministry of Health and Long-Term Care, provide essential resources to maintain the exceptional level of compassionate patient care, and invest in new and innovative technology.

Knowledgeable experts can help you to determine the type of planned gift that is right for you.

We highly recommend that you speak with expert financial and estate planners.

Types of planned gifts available:

- Bequests- specific, residual & contingent
- Charitable gift annuities
- Insurance policies
- Securities- stocks or bonds
- Gifts of property

Talk to your family members. It is a good idea to make your loved ones aware of your intentions to support the BCHS Foundation in your will.

We encourage you to speak with a Foundation representative and inform them of your choice. The BCHS Foundation recognizes the incredible generosity of our many donors who are supporting a strong healthcare system for our community. Discussing future needs of health care at the BCHS may help you to decide how your gift is to be used.
